INTRODUCTION, PURPOSE, JURISDICTION

Introduction
To the Students of Southern Illinois University,

As an SIU student, you are a member of a proud, vibrant and diverse educational community. We embrace the pursuit of knowledge, inclusivity and the belief that we are stronger when we stand together as one. As a member of this community, you have agreed to hold yourself, and every member of the Saluki family, to a higher set of ideas and ideals.

The Student Conduct Code describes a set of expectations designed to reflect the unique culture of our University community while ensuring that all who seek knowledge demonstrate personal integrity and respect for others. It assures that student rights to due process are respected and exercised while allowing for enforcement of the code. All members of our community are responsible for aligning their behavior to the standards and policies set forth in this document, whether on or off campus.

These standards and policies are designed to foster an environment supportive of personal, social and ethical development. They also promote the protection of the rights, responsibilities, safety and welfare of the University community while ensuring that each of us is free to pursue our educational goals.

John M. Dunn      Lori Stettler
Chancellor      Vice Chancellor of Student Affairs

Purpose and Application
Southern Illinois University Carbondale is charged by the State of Illinois and the Southern Illinois University Board of Trustees (Board of Trustees) with the responsibility of developing and administering institutional policies and rules governing the role of students and their conduct. Pursuant to the Policies of the SIU Board of Trustees, Section 3.C. these policies authorize the Chancellor to develop standards and policies to address student rights and conduct.

The student conduct process at the University is not intended to punish students; rather, it exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies to learn and grow. Sanctions are intended to challenge students’ moral and ethical decision-making and to help them bring their behavior into accord with our community expectations. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.
The Student Conduct Code will be applied without regard to any person or group of persons based on race, color, national origin, ancestry, religion, sex, sexual orientation including gender identity, marital status, age, physical or mental disability, military status, unfavorable discharge from military service, or veteran’s status. Any adjudication will be based solely on the conduct for which charges were brought against the student.

The Student Conduct Code will be applied in compliance with Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. Students will be afforded all of the rights established under the Student Conduct Code without regard to the student’s disability status, and any sanctions imposed will be based solely on the conduct for which charges were brought against the student regardless of whether the student has a disability.

Jurisdiction
The University has a responsibility to provide its members with those privileges, opportunities and protections that encourage and maintain an environment which supports educational development.

The Code applies to:
Student conduct occurring on any property owned, operated, leased or controlled by the University or at any activity sponsored or supported by the University. Student is defined as any person who, at the time of an alleged violation of this Code, meets one or more of the following requirements:

1. A person taking one or more courses, enrolled either full or part-time, and/or pursuing undergraduate, graduate or professional studies.
2. A person notified of acceptance for admission to the University.
3. A person living in property owned, operated or managed by the University, unless the sole purpose for residing in that property is in fulfillment of a requirement of employment.
4. A person who, prior to completing adjudication of alleged violations, graduates, withdraws or is otherwise separated from the University.
5. A person who, may or may not be currently enrolled, but is eligible to enroll in one or more courses without admission.

Recognizing off-campus behaviors often directly affect the educational environment or substantially interfere with the mission of the University, the University shall have the right to adjudicate any alleged violation of any provision of the Student Conduct Code, without regard for the geographic location of the alleged violation, at the discretion of the Vice Chancellor of Student Affairs. This may include violations which occur partly or entirely through electronic means.

Students should be aware that the student conduct process is quite different from criminal and civil court proceedings. Procedures and rights in student conduct
procedures are conducted with fairness to all but do not include the same protections of
due process afforded by the courts. Due process, as defined within these procedures,
assures written notice and an administrative conference before an objective decision
maker. No student will be found in violation of the Code without information showing
that it is more likely than not that a violation occurred, and any sanctions will be
proportionate to the severity of the violation and to the cumulative conduct history of
the student.

The University reserves the right to initiate disciplinary proceedings for allegations of
violations of the Student Conduct Code whenever the University has jurisdiction,
regardless of whether criminal or civil proceedings have been commenced. Disciplinary
actions by the University are independent of any criminal or civil proceedings and the
University will not consider any decision, settlement, judgment or other outcome of a
criminal or civil proceeding in the adjudication of alleged violations of this Code. The
disciplinary process will not be delayed pending the outcome of any legal proceedings.

Academic dishonesty allegations in the School of Law will be administered through the
Professional Ethics Policy of the School of Law.

Academic dishonesty allegations in the School of Medicine will be administered through
the School of Medicine Student Progress System.

Law students and medical students charged with alleged non-academic violations of this
Code may be subject to the disciplinary procedures outlined in this Code, in addition to
being charged under their respective school-specific policy or system. The outcome of
any administrative conference under a school-specific policy will not be considered in
the adjudication of alleged violations of this Code, though it may be considered in
determining appropriate sanctions.

RIGHTS AND RESPONSIBILITIES
The following rights and responsibilities are the foundational principles upon which the
Student Conduct Code is based.

Rights
All students have the right to engage in a free exchange of ideas. University policies are
intended to safeguard the rights of free inquiry, expression, and assembly.

All students have the right to freely express their views and examine all questions of
interest.

person or group of persons based on race, color, national origin, ancestry, religion, sex,

FORMAL CONDUCT PROCEDURES

The Student Conduct Code differs from a legal code and, as such, legal concepts, definitions, limits, objections, processes, procedures, regulations and standards do not apply. The Student Conduct Code will be administered without regard for concurrent legal proceedings or timelines.

The burden of proof in all adjudications lies with the person or entity alleging the violation. The standard of proof necessary for a determination that a violation of a provision of this Code has occurred is a preponderance of the evidence, which requires that the alleged violation be found to be more likely than not to have occurred.

The University is the convener of every action under this Code. Within that action, there are several roles. The responding student is the person who is alleged to have violated the Code. There are witnesses, who may offer information regarding the allegation.
There is an Administrator(s) whose role is to present the allegations and share the evidence that the University has obtained regarding the allegations.

Below, are outlined the three distinct procedures of adjudication, depending on whether the alleged misconduct is academic, sexual or general in nature, as defined above in *Standards of Conduct*.

**Amnesty**
The University may provide amnesty to those who may be hesitant to report to University officials because they fear that they themselves may be accused of minor policy violations, such as underage drinking, at the time of the incident. To encourage students to offer help and assistance to others, or to report other serious violations, the University adheres to a policy of amnesty for minor violations when students offer help to others in need. At the discretion of the Director of Student Conduct, amnesty may also be extended on a case-by-case basis to the person receiving assistance.

Abuse of amnesty requests can result in a decision by the Director of Student Conduct not to extend amnesty.

**Group Violations**
A student group or organization and/or its officers and membership may be held collectively and/or individually responsible when violations of this Code by the organization or its member(s):

- Take place at organization-sponsored or co-sponsored events, whether sponsorship is formal or tacit.
- Have received the consent or encouragement of the organization or of the organization’s leaders or officers.
- Were known or should have been known to the membership or its officers.

Conferences for student groups or organizations follow the same general student conduct procedures. The organization President and organizational Advisor will be notified of the alleged violations. Generally, the only individuals present for all parts of the administrative conference are the conference Administrator, the accused organization President and organization Advisor, unless additional members’ presence are deemed appropriate by the conference Administrator. In any such action, individual determinations as to responsibility may be made and sanctions may be assigned collectively and/or individually.

**Interim Action**
Under the Student Conduct Code, the University may impose restrictions and/or separate a student or an organization (hereafter referred to as “student”) from the community pending the scheduling of an administrative conference on alleged violation(s) of the Student Conduct Code when a student’s/organization’s continued presence represents a threat of serious harm to others, is facing allegations of serious
criminal activity, to preserve the integrity of an investigation, to preserve University property or to prevent disruption of, or interference with, the normal operations of the University. The scheduling of the administrative conference to adjudicate alleged violation(s) of the Student Conduct Code will generally occur within ten (10) days.

A student/organization who receives an interim action may request a meeting with the Dean of Students, or the Dean’s designee, to demonstrate why the interim action is not merited. This meeting will generally occur within three (3) days of the request and the decision from this meeting is not subject to appeal. Regardless of the outcome of this meeting, the University may still proceed with the scheduling of the administrative conference. Interim actions shall remain in effect until a final decision has been made on the complaint.

During an interim action, a student/organization may be denied access to University housing or the University campus/facilities/events. As determined appropriate by the University, this restriction may include classes or any other University activities or privileges for which the student/organization might otherwise be eligible. At the discretion of the Dean(s), faculty, etc., and under certain circumstances, it may be possible for the student to pursue alternative coursework options to ensure as minimal an impact as possible on the responding student.

In certain circumstances, during the investigation of allegations it may be deemed necessary to extend the length of the interim action. The investigator shall make the request of the Dean of Students, or designee, who will consider the level of threat posed by the student’s/organization’s continued presence on campus along with the evidence of the good faith effort to complete the investigation as quickly as possible. The Dean, or designee, will notify the student/organization if an extension is to be granted. The decision on this action is not eligible for appeal.

**Notice of Alleged Violation**

Any member of the University community, visitor or guest may report alleged policy violation(s) by any student for misconduct under this Code via the following URL: [http://srr.siu.edu/](http://srr.siu.edu/). The University has the right to pursue an allegation or notice of misconduct on its own behalf and to serve as convener of the subsequent campus conduct process.

**Adjudication of Alleged Academic Misconduct**

Adjudication of alleged violations of Academic Misconduct contained within this Code shall occur in accordance with the following procedures. All allegations of Academic Misconduct in the Student Conduct Code must be reported to Student Rights and Responsibilities within ninety (90) days of the discovery of an alleged violation.

Instructors shall have initial jurisdiction to resolve any allegation of academic misconduct occurring within, or in relation to, any class for which he or she is the
instructor. Academic misconduct that is alleged to have occurred in the course of research, scholarly activity, dissertation research, field placement or clinical practicum shall be under the initial jurisdiction of the faculty advisor or department. Such individuals shall be collectively referred to as “instructor” for the purposes of this Code.

Academic misconduct violations that are not related to a specific course shall be under the jurisdiction of the Office of Student Rights and Responsibilities, or designee. In cases where initial jurisdiction is unclear or is disputed by any party, the Director of Student Rights and Responsibilities will determine the appropriate jurisdiction for adjudication. This decision is not subject to appeal.

In cases where a graduate student is alleged to have violated a provision of this Code, the Dean of the Graduate School, or designee, shall have jurisdiction over the adjudication, if not resolved under the procedures defined in the Procedures when Responsibility is Contested subsection.

When an incident of academic misconduct is alleged, either by an instructor or by a third party, the student will be notified of the allegation in writing. This notification shall include the Standard(s) of Conduct alleged to have been violated and the date and time of the alleged violation, if available.

This notification will refer students to the section of the Student Conduct Code which addresses procedures applicable to the adjudication of academic misconduct. This notification will inform students of their right to accept in full or contest, in part or in full, the allegation(s). This notification will be sent to the student, the Department Chair, the Dean of the relevant college and the Director of Student Rights and Responsibilities.

Procedures when Responsibility is Accepted
1. To accept responsibility for a violation, a student must respond to the notification of alleged violation(s), in writing, stating his or her acceptance of responsibility for all alleged violation(s). The student must respond within 5 days. Failure to respond within 5 days may result in adjudication of the allegations without the students’ response.
2. Upon receiving the written acceptance of responsibility, the instructor or other Administrator will schedule a meeting with the student. Prior to this meeting, the instructor or other Administrator should contact the Office of Student Rights and Responsibilities to determine if there are any factors relevant to sanctioning.
3. At the meeting, the incident, as well as any factors affecting sanctioning, will be discussed. The student has the opportunity to present any information or evidence which may mitigate the sanctions being imposed. If responsibility is not in question, witnesses and advisors are not permitted at this meeting.
4. Following the meeting, the outcome, including any sanctions, will be communicated in writing, generally within five (5) days, to the student, the relevant Department
Chair, and the Dean of the relevant college and the Director of Student Rights and Responsibilities for inclusion in the student’s conduct record.

5. In cases where a student accepts responsibility, the case is ineligible for appeal, except in cases where the student is alleging that the sanctions are excessively severe.

6. Sanctions imposed shall be issued in accordance with this Code.

**Procedures when Responsibility is Contested**

1. In cases where a student contests, in part or in whole, the violations alleged, he or she must respond to the notification in writing, stating that he or she contests all alleged violations or listing which violations are contested and which are not. The student must respond within 5 days. Failure to respond within 5 days may result in adjudication of the allegations without the students’ response.

2. Upon receiving notice that alleged violation(s) are contested, the instructor shall notify the Dean of the relevant college. The Dean shall schedule a meeting with the instructor and the student, which must be communicated in writing. All parties shall be given at least five (5) days’ notice of the date, time and location of this meeting.

**Academic Misconduct Administrative Conference Procedures**

1. The University may elect to record the conference proceedings which, if so, shall constitute the only permissible recording of the conference proceedings. Video, audio, stenographic or photographic recording of conference proceedings shall only be by the Administrator and at the sole discretion of the Administrator.

2. Administrative conferences are closed to the public. The only people present for all parts of the administrative conference are the Dean or Administrator, the instructor, the accused student and the student’s advisor.

3. At the administrative conference, the instructor will present any witnesses and evidence relevant to the alleged violations. Following this presentation, the student will have an opportunity to respond as well as to present any witnesses and evidence contesting the alleged violations.

4. Both the instructor and the student will have equal opportunity to present witnesses and evidence relevant to the alleged violations. The Dean shall have the right to disallow any witness or evidence presented which does not directly relate to the alleged violations. Character witnesses are generally not necessary as allegations are a question of a students’ behavior, not a question of a student character.

5. In accordance with limitations outlined in the definitions, a student is allowed one advisor to assist him or her during the adjudication of alleged violations of the Code.
   A. Students are required to represent themselves during the adjudication. The advisor is not permitted to present evidence, testimony or to cross-question witnesses. Statements made by an advisor will not be considered by the Administrator in determining the outcome of the adjudication.
   B. In cases where a student requires a language translator or interpreter in order to fully participate in the process, the translator or interpreter will be selected by Student Rights and Responsibilities and will not be considered an
advocate. Locating and securing the services of a translator or interpreter may postpone the proceedings. If a translator or interpreter cannot be located, the administrative conference may be held in writing, with all witnesses, and the accused student, providing written statements.

6. The Dean may impose limits on the length of time granted for presentations by parties or witnesses but these restrictions must apply equally to both parties and may not be so restrictive as to limit the student’s ability to present an effective response. The Dean may determine whether cross-questioning by the student and instructor of each other and/or witnesses is appropriate. This determination must apply to both parties equally. The Dean has the right to disallow any question which is not appropriate or related to the matter at hand.

7. At the request of the Dean or either party, Student Rights and Responsibilities will provide an impartial staff member, who will serve to answer any questions about the process and ensure that appropriate procedures are followed.

8. Following this meeting, the Dean will generally communicate the outcome of the administrative conference, as well as any applicable sanctions, in writing to the student and the instructor within five (5) days, generally. The outcome shall also be communicated to the Director of Student Rights and Responsibilities for inclusion in the student’s conduct record.

A. Sanctions issued shall be in accordance with the Sanctions section of this Code.

B. Students shall have the right to appeal the outcome of this administrative conference in accordance with the timelines and procedures outlined in the Appeals section of this Code.

Investigative and Adjudicative Procedures for Allegations of Sexual Misconduct

Alleged violations of any of the provisions listed in the Sexual Misconduct section of this Code, which is alleged to create a hostile environment for another member of the University community may, at the discretion of the Title IX Coordinator, or designee, be subject to investigation under the following procedures.

All allegations of violations investigated under the procedures detailed above must be reported within one hundred twenty (120) days of the discovery of an alleged violation by a member of the University community or law enforcement agency. Extensions may be granted at the discretion of the Title IX Coordinator who may waive this deadline in writing if the facts or circumstances warrant such a waiver. The determination of the Title IX Coordinator is final and is not subject to appeal.

When a student is alleged to have violated any of the provisions listed in the Sexual Misconduct section of this Code, the Title IX Coordinator may require an investigation into the allegation and following this investigation, shall render a finding as to whether such violations are likely to have occurred. In the event the accused student is also an
employee of SIUC in a capacity other than a student work employee, the investigation will be conducted by the Title IX Coordinator according to the SIUC Discrimination (Including Sexual Harassment) Complaint and Investigation Procedures. The Title IX Coordinator shall refer any findings to Student Rights and Responsibilities for appropriate discipline under this Code in addition to any other disciplinary procedures.

The investigator will prepare a report of the investigation and forward it to the Title IX Coordinator for a determination of whether there is sufficient evidence to make a finding of sexual harassment, sexual assault, dating/domestic violence or stalking. If no finding of sexual harassment, sexual assault, dating/domestic violence or stalking is made, the Title IX Coordinator shall submit the investigation report along with the finding to Student Rights and Responsibilities for a conference on any other allegations.

If the Title IX Coordinator determines there is sufficient evidence to support a finding of sexual harassment, sexual assault, dating/domestic violence or stalking, the Title IX Coordinator shall submit the investigation report along with the finding to Student Rights and Responsibilities for a sanctioning conference. Both the accused student and the victim have the right to appeal as set out in Procedures for Appeal in Cases Investigated Under “Sexual Misconduct.”

The accused student and the victim will be notified in writing of the provisions alleged to have been violated. This notification will refer the accused student and the victim to the section of this Code which addresses procedures applicable to the adjudication of alleged violations.

**Adjudication of Alleged General Misconduct**

**General Misconduct Administrative Conference Procedures**

All other allegations of misconduct shall be adjudicated through these procedures.

1. Once it is determined that administrative conference proceedings will be initiated, all allegations along with the date, time and location of the administrative conference will be issued to the student in writing. All allegation and conference notices will be emailed to the student’s University email account and will be presumed to be delivered unless returned as undeliverable. Students are responsible for checking their University email account. Students will be given at least three (3) days from time of notification of allegations to time of scheduled conference.

2. Students will meet with the designated Administrator(s) assigned to the case in a closed administrative conference. The University will exercise control over the conference to avoid needless consumption of time, avoid repetition of information, call a recess if needed, and ensure the proper treatment of all participants.
   
   A. If the possible outcome of a finding of responsibility could result in a sanction of suspension or expulsion, an Administrative Panel will be convened.
Administrative Panel conferences will follow these same general administrative conference procedures.

i. The conference Administrator will facilitate the Administrative Panel conference and the Administrative Panel will determine responsibility and assign sanctions if a there is a finding of responsibility.

B. Prior to this conference, students are encouraged to arrange a meeting with the conference Administrator to review all available information to be discussed at the conference and to learn the names of any witnesses called by the University. Students may take notes on the information provided but will not receive copies of reports or other information during the review or conference, and may not take video, photographs, etc. of the information.

3. During this conference, students can expect the following:

A. The opportunity to discuss and understand all allegations and the conduct process in a civil manner. Failure to maintain appropriate decorum may result in the removal of the student from the conference and the conference proceeding in the student’s absence;
   i. If multiple students are alleged to have violated policy within the same incident, the University may present evidence to all involved parties at the same time and then meet with each student individually in an administrative conference.

B. The expectation to speak truthfully about the events in question, cover details extensively and discuss responsibility or lack thereof in the situation;
   i. These conferences will, above all, be focused on what behavior may lead to a finding of responsibility and, if so found, how to work to correct future behavior.
   ii. Students are expected to take responsibility for any misconduct and to be willing participants in correcting said behavior and restoring to the community as needed.
   iii. If found responsible for a violation of the Code, to discuss appropriate sanctions. This could include a full discussion of all sanctions or the possibility of sanctions to be determined later. If sanctions are to be determined later they will be determined by the Administrator using only information presented in reports and during the conference;

4. During a conference, the student is entitled to:

A. Appear in person and be an active participant in the conference;
B. Have an advisor present for the conference.
   i. It is preferred that the name of the advisor be submitted to the Administrator in writing, at least twenty-four (24) hours prior to the scheduled conference whenever possible. The advisor may not address the Administrator or other persons at the conference unless permitted by the Administrator. The advisor serves in a non-speaking, non-participatory role during the conference with the exception of the ability to consult with the student at reasonable intervals during the course of the conference. Witnesses who have been interviewed
as part of the investigation or are to be called to the conference may not also serve as advisors. Advisors or witnesses who are disruptive or otherwise do not maintain appropriate decorum may be removed from the conference proceedings and the conference will proceed in their absence;

C. Have relevant witness statements considered as part of the proceeding. The student may provide a list of firsthand witnesses to the event or actions in question to the Administrator in writing. The University reserves the right to set a reasonable limit to a number of witnesses. Witnesses may submit written statements in lieu of attendance at the administrative conference. A witness must be a person who has direct knowledge of the event or actions in question. Character witnesses are generally not necessary as allegations are a question of a student’s behavior, not a question of a student’s character;

D. Elect not to appear at the conference, in which case the conference shall be conducted in the student’s absence with the information available at that time;

E. Refuse to answer any questions or make a statement. The refusal to participate shall not be presumed to be an admission of responsibility; the Administrator shall make a decision on the basis of all information available at the time of the conference;

F. Confidentiality. All conferences shall be conducted in private session. All statements, information or comments given during conferences will be held in the strictest confidence by the student, the Administrator (in accordance with FERPA), University staff and advisors before, during and after deliberation. It is necessary to have a mutual expectation of maintaining confidentiality of information presented at the conference.

G. The right to an appeal.

5. The University may elect to record the conference proceedings which, if so, shall constitute the only permissible recording of the conference proceedings. Video, audio, stenographic or photographic recording of conference proceedings shall only be by the Administrator and at the sole discretion of the Administrator.

6. Administrative conferences are closed to the public. The only people present for all parts of the administrative conference are the Administrator, the accused student and the student’s advisor.

7. At the administrative conference, the Administrator will present any witnesses and evidence relevant to the alleged violations. Following this presentation the student will have an opportunity to present any witnesses and evidence pertaining to the alleged violations.

8. The student will have the opportunity to present witnesses and evidence relevant to the alleged violations. The Administrator shall have the right to disallow any witness, as outlined above.

9. The Administrator may call a recess in the proceedings to facilitate a break, to gather further relevant information or to extend conference proceedings to subsequent days as requested by the student and/or deemed necessary by the Administrator.
10. At the conclusion of all conference proceedings, the conference administrator will have up to three (3) days to notify the student of a finding.

11. If found not responsible for any violations of the Code, the case will be considered closed.

12. If found responsible, students may receive sanctions at the conclusion of the administrative conference at the discretion of the Administrator(s). Otherwise all sanctions will generally be sent within three (3) days and in the same fashion as the notification of allegations.
   A. When responsibility is acknowledged or determined, prior to the determination of the sanction(s), the administrator may allow the introduction of written or oral statement(s) which detail the impact on any victim(s) the violation caused;

13. Students shall have the right to appeal the outcome of this administrative conference in accordance with the timelines and procedures outlined in the Appeals section of this Code.

CONDUCT SANCTIONS
Potential sanctions include but are not limited to those listed below and may be issued alone or in combination.

The Administrator(s) may consider any information which he or she believes to be relevant in determining appropriate sanctions, including, but not limited to: academic performance, consultation with other entities, evidence provided at the administrative conference, information indicating that the violation was committed as a result of bias, prior conduct history or any other relevant information.

Any sanction may be issued in a conditional status (generally referred to as a “deferred” sanction), contingent upon compliance with a designated set of conditions, including appropriate future conduct for a period of time. In these situations, failure to comply with the designated conditions will result in the immediate enactment of the conditional sanction. Conditional sanctions may only be appealed at the time of issuance; Appeals at the time of enactment will not be considered timely and will not be heard.

Sanctions shall be considered in effect at the time they are communicated in writing to the student, either in person or sent to a student’s University email address.

Academic Sanctions
These sanctions may only be issued in conjunction with academic misconduct, unless otherwise directed by the Vice Chancellor of Student Affairs or the Office of Student Rights and Responsibilities.

   Academic Censure – A written warning that behaviors exhibited are inconsistent with the values and standards set forth by the University and are not acceptable behavior for students of the University.
Adjustment of Grade on an Examination, Paper, Quiz, Test or Other Assignment – A reduction in letter grade, points or percentage on work determined to be connected to the violation.

Failure of an Examination, Paper, Quiz, Test or Other Assignment – A directed grade of zero (0) or F on work determined to be connected to the violation.

Revocation of Degree – Revocation of a previously awarded academic degree. This sanction may only be imposed in situations where it has been determined a degree was obtained as a result of fraud or a significant portion of the work submitted in fulfillment of, and indispensable to the attainment of, said degree was obtained via one or more acts of academic misconduct. This sanction may only be imposed by the Provost.

**Administrative Sanctions**

Any sanction which the adjudicating officer believes to be appropriate may be assigned in response to the violation. Most sanctions are intended to be educational and provide students with an opportunity to reflect and learn from the adjudication of a violation or attempt to restore or promote the academic environment of the University community. Common sanctions include but are not limited to:

Probation – Removal of a student from good conduct standing. This sanction prevents a student from representing the University in extracurricular activities or serving in formal leadership roles on campus. It is a formal warning to the student that the behaviors exhibited by the violation are unacceptable in an educational community and serves as notice that any further violations of any provision of this Code will call into question the student’s right to remain a member of the University community. Probation is issued for a stated period of time appropriate to the type of violation and the student’s history of violations of this Code, after which time a student’s good conduct standing is restored.
Suspension – An involuntary separation of a student from the University for a stated period of time. While suspended, a student is barred from all University premises and is prohibited from participating in University-sponsored activities. A notation of the imposition of this sanction is made on the student’s transcript at the time the suspension is enacted. Suspension is imposed for a period of time appropriate for the type of violation and the student’s history of violations of this Code. Prior to the lifting of a suspension, all other imposed sanctions must be completed, unless otherwise noted in the written notification of sanctions or at the discretion of the Office of Student Rights and Responsibilities.

Expulsion – Permanent, involuntary separation from the University. When expelled, a student is barred from all University premises and is prohibited from participating in University-sponsored activities. A notation of the imposition of this sanction is made on the student’s transcript at the time that the expulsion is enacted.

Alteration of Housing Status – An administrative restriction which prohibits a student from entering or residing in a specified building, area or from all property owned, operated, leased or controlled by University Housing. Students are responsible for any administrative costs associated with this sanction, including any specified penalties associated with breaking a contract with University Housing. This sanction may only be imposed with approval from the Director of University Housing.

Class, Activity or Workshop – Required attendance in a class, activity or workshop designed to educate students as to the risks and consequences of exhibited behaviors. Any assigned classes shall be non-credit and will not be reflected on a student’s transcript. The student is responsible for any costs associated with participation in a class, activity or workshop.

Community Service – Completion of a specified number of community service hours. Specific requirements, such as location or type of service or specific verification requirements, may be imposed by the Administrator. These hours may not be used to meet any other organizational service hours or philanthropic requirement.

Fine – The purpose of this sanction is to ensure that students do not profit from violations of the Student Conduct Code, to reduce a student’s financial ability to repeat a violation, or to provide funds to pay for costs directly associated with the type of violation in question.

Mandated Assessment – A mandatory assessment by one or more units of the University or by a licensed health care provider in the community. Based upon
such an assessment and upon the recommendation of the provider, a student may be required to attend follow-up meetings, sessions or assessments. The student is required to authorize the provider to share relevant information with the conference Administrator in order to confirm satisfactory completion of the assigned sanction. The student is responsible for any costs associated with this assessment and all required follow-up meetings, sessions or assessments.

Mandatory Program Sponsorship – A requirement to research, plan, and execute a program on a topic which the Administrator determines to be appropriate to the nature of the violation. The Administrator will specify the type and nature of the program, as well as determine specific requirements, which may include advertising, co-sponsorship or attendance goals, which must be met.

Restitution – Payment of specified costs incurred by another person, entity or the University. These costs may include but are not limited to the cost to repair or replace items or facilities which were damaged, destroyed, stolen or vandalized; the cost of time and labor for temporary and/or permanent repairs or any associated cleaning costs. Estimates may be used in determining costs or costs may be determined after restoration is complete to ensure an accurate assessment.

Restriction on Activity – Restriction of a specific activity directly related to a violation for a specified period of time.

Written Assignment – A designated written activity related to the specific violation(s). To be completed as assigned by the conference Administrator.

Written Warning – An articulated statement that behaviors exhibited are inconsistent with the values and standards set forth by the University and are not acceptable behavior for students of the University.

**Organizational Sanctions**

University reserves the right to impose any of the aforementioned sanctions in addition to the sanctions listed below:

Organizational Probation - Removal of an organization from good conduct standing. Imposition of this sanction prevents an organization from accessing, utilizing or being eligible to request funds from the Undergraduate Student Government or the Graduate and Professional Student Council, as well as any other sources of University funding. It does not restrict access to funds generated by the organization through fundraising activities, membership dues or other non-institutional sources. While on probation, members of the organization are prohibited from traveling, for any reason, through the use of University funds, resources and vehicles for the purposes of representing the
organization. Organizational Probation is a formal warning to the organization that the behaviors exhibited by the violation are unacceptable in an educational community and serves as notice that any further violations of any provision of this Code will call into question the organization’s right to remain a member of the University community. Probation is issued for a stated period of time appropriate to the type of violation and the organization’s history of violations of this Code, after which time, barring any further violations an organization’s good conduct standing is restored.

Organizational Suspension - An involuntary separation of an organization from the University for a stated period of time. While suspended, an organization is barred from representing the University, operating on all University premises and from participating in University-sponsored activities. Suspension is imposed for a period of time appropriate for the type of violation and the organization’s history of violations of this Code. Prior to the lifting of a suspension, all other imposed sanctions must be completed, unless otherwise noted in the written notification of sanctions.

Organizational Expulsion - Permanent, involuntary separation from the University. When expelled, an organization is barred from representing the University, operating on all University premises and is prohibited from participating in University-sponsored activities.

**Parental Notification**
The University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly alcohol and other drug violations. The University may also notify parents/guardians of non-dependent students who are under the age of 21 of alcohol and/or other drug violations. Parental notification may also be utilized discretionarily by Administrators when permitted by FERPA or consent of the student.

**NOTIFICATION OF OUTCOMES**
The outcome of an administrative conference is part of the education record of the responding student and is protected from release under the Federal Education Rights and Privacy Act (FERPA), except under certain conditions. As allowed by FERPA, when a student is accused of a policy violation that would constitute a crime of violence, the University will inform the alleged victim bringing the complaint in writing of the final results regardless of whether the University concludes that a violation was committed. Such release of information may only include the alleged responding student’s name, the violation committed and the sanctions assigned (if applicable). In cases of sexual misconduct and other offenses covered by Title IX, only, the rationale for the outcome will also be shared with all parties to the complaint, in addition to the finding and sanction(s).
In cases where the University determines through the student conduct process that a student violated a policy that would constitute a crime of violence offense, the University may also release the above information publicly or to any third party. FERPA defines “crimes of violence” to include:

1) Arson
2) Assault offenses (includes stalking)
3) Burglary
4) Criminal Homicide—manslaughter by negligence
5) Criminal Homicide—murder and non-negligent manslaughter
6) Destruction/damage/vandalism of property
7) Kidnapping/abduction
8) Robbery
9) Forcible sex offenses
10) Non-forcible sex offenses

**FAILUOE TO COMPLETE CONDUCT SANCTIONS**
All students and groups, as members of the University community, are expected to comply with conduct sanctions within the timeframe specified by administrative conference officer. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect or any other reason, may result in a registration hold being placed on the student’s account, additional sanctions being imposed and/or suspension from the University. A hold or suspension will only be lifted when compliance with conduct sanctions is satisfactorily achieved. This determination will be made by the Office of Student Rights and Responsibilities.

**APPEALS**

**Procedures for Appeal in Cases Investigated Under “Sexual Misconduct”**
In cases investigated under *Sexual Misconduct*, if a student found to be in violation files an appeal, and a victim, as defined by this Code, has been identified, the victim shall be notified of the appeal, provided a copy of all documents submitted by the appellant and shall have three (3) days to submit a response to the appeal.

If the victim files a response, the appellant shall be provided a copy of any documents supplied by the victim and shall have two (2) days to submit any responding documents. If the appellant supplies a response, the victim shall be provided with a copy of any documents supplied by the appellant and shall have two (2) days to submit any responding documents.

Following this, both parties shall have available to them, all appeal documents which have been submitted and shall have one (1) day to submit, in writing, any summative remarks to be considered by the appeal officer. New evidence submitted at this point will not be considered by the appeal officer. In cases where the initial appeal is filed by the victim in a case, the accused student shall have the same rights as the victim, as
In situations involving a victim, as defined in this Code, the victim shall have the right to notification of the outcome of an administrative conference or appeal and the right to file an appeal of that outcome, subject to the procedures, conditions, timelines and limitations set forth above.

Potential outcomes for an appeal may include the case being remanded for a new investigation. This new investigation will not be completed by the investigator who originally reviewed the case. In these circumstances, any sanctions which have been issued will be held in abeyance pending the outcome of the new investigation.

**Procedures for Appeal in All Other Cases**
The student may request an appeal of the decision of the administrative conference to the Office of Student Rights and Responsibilities, subject to the procedures outlined on srr.siu.edu. An appeal is not a new administrative conference; it is a procedural safeguard to ensure students receive a fair administrative conference and equal access to their rights articulated in this Code. An appeal may be filed by the respondent or by a victim, as defined in this Code. The person filing the appeal is referred to as the appellant.

A student has three (3) days from the date and time an email was sent to a student’s University email address with notification of the outcome to submit an appeal. Appeals submitted after this deadline will generally not be considered. Any exceptions are made at the discretion of the Office of Student Rights and Responsibilities and, when appropriate, the Title IX Coordinator. Appeals will be addressed in the most reasonable time frame possible following the submission of the appeal; outcomes will generally be rendered within five (5) days.

All sanctions imposed by the original administrative conference body remain in effect while the appeal is considered. In cases appealing a sanction of suspension, expulsion or revocation of degree, the appeal shall be referred to the Dean of Students, or designee. The decision of the Dean or designee is final and there is no further avenue of appeal. In cases appealing any sanction less than suspension, expulsion or revocation of degree, the appeal shall be referred to the designee of the Dean of Students and managed by the Office of Student Rights and Responsibilities. The decision of the Dean’s designee is final and there is no further avenue of appeal.

**Appeals requests are limited to the following grounds:**

1) A procedural error occurred that significantly impacted the outcome of the administrative conference (e.g. substantiated bias, material deviation from established procedures, etc.).

2) To consider new evidence, unknown at the time of the original conference or investigation that could substantially impact the original finding or sanction.
Failure to provide information during or to participate in an investigation or a conference, even resulting from concern over pending criminal or civil proceedings, does not make evidence “unknown” at the time of the conference. A summary of this new evidence and its potential impact must be included in the appeal.

3) The sanctions imposed are substantially disproportionate to the severity of the violation.

The burden of proof rests on the appellant to show a valid basis for appeal. The appellant must show that it is more likely than not that the alleged basis for appeal exists and affected the outcome of the administrative conference.

Potential outcomes for an appeal include a finding of no basis for appeal, that the decision is upheld, that the decision will be modified, that the decision will be overturned or that the case will be remanded for a new administrative conference.

Sanctions become effective on the date they are communicated in writing to the student and are not held in abeyance pending the filing or outcome of any appeal. Sanctions may be held in abeyance when a case is remanded for a new administrative conference. In accordance with Board of Trustees Policy, a student is not eligible to graduate while an appeal is pending.

**DISCIPLINARY RECORDS**

All conduct records are maintained by the University for a minimum of seven (7) years from the time of their creation. Conduct records that result in separation (suspension or expulsion, including from housing) and those that fall under Title IX, are maintained indefinitely.

**INTERPRETATION AND REVISION**

The Vice Chancellor of Student Affairs, or designee, shall be responsible for ensuring the application and administration of the Student Conduct Code. Interpretation of the Code shall be at the discretion of the Vice Chancellor of Student Affairs, or designee, for final determination.

The Student Conduct Code shall be reviewed in its entirety not less than once every two (2) years, and more frequently upon the written recommendation of the Director of Student Rights and Responsibilities and with the approval of the Chancellor. The Chancellor shall appoint a committee consisting of one member of the student body, one member of the faculty, one member of the administration, and one member from the Office of the General Counsel.

The chair of the committee shall be the Director of Student Rights and Responsibilities. The member representing the student body and the member representing the administration shall be recommended by the Vice Chancellor of Student Affairs. The
member representing the faculty shall be recommended by the Provost and Vice Chancellor. If either Vice Chancellor fails to appoint a member within 30 days of being formally requested, the Director of Student Rights and Responsibilities shall make such recommendations as necessary to appoint all members listed.

Following approval of any amendments to the Code, they shall be considered in effect on the day following the date that written notification, to include the internet address (https://srr.siu.edu/student-conduct-code/) where the amended version of the Code can be found, is sent to all students via email, from the Vice Chancellor of Student Affairs or designee.
